Sequence 777, Application US/09949002

Patent No. 6900016

GENERAL INFORMATION:

APPLICANT: VENTER, J. Craig et al.

TITLE OF INVENTION: MITH INFLAMMATORY AUTOIMMUNE DISEASE, METHODS OF DETECTION

TITLE OF INVENTION: WITH INFLAMMATORY AUTOIMMUNE DISEASE, METHODS OF DETECTION

FILE REFERENCE: CL000790

CURRENT APPLICATION NUMBER: US/09/949,002

CURRENT FILING DATE: 2000-01-28
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             7

APPLICANT: EAROSE Thomas J
APPLICANT: Kovalic David K
APPLICANT: Even Thomas J
APPLICANT: Zhou Yihua
APPLICANT: Zhou Yihua
APPLICANT: Cao Yongwei
TITLE OF INVENTION: Soy Nucleic Acid Molecules and Other Molecules Associated With
TITLE OF INVENTION: Plants and Uses Thereof for Plant Improvement
TITLE OF INVENTION NUMBER: US/10/424,599
CURRENT APPLICATION NUMBER: US/10/424,599
NUMBER OF SEQ ID NOS: 285684
SEQ ID NO 26383
LENGTH: 1013
APPLICANT: DODO, HORTENSE W.

APPLICANT: ARNTZEN, CHARLES J.

APPLICANT: KORAN, KOFFI N'DA

APPLICANT: VIQUEZ, OLGA

TITLE OF INVENTION: DOWN-REGULATION AND SILENCING OF ALLERGEN GENES IN

TITLE OF INVENTION: TRANSGENIC PEANUT SEEDS

FILE REFERENCE: 072121/0104

CURRENT FALLING DATE: 2004-10-06

PRIOR FILING DATE: 2004-11-20
